

2025 Training Calendar.

About Us...

Conclase Academy is a leading provider of ICT and tech training services, renowned for delivering high-quality, customized programs. With a proven track record of success across various industries. We pride ourselves on our expert team of instructors and our cutting-edge, constantly updated curriculum. Our mission is to empower tech enthusiasts and organizations with the knowledge and skills needed to thrive in an increasingly technology-driven world.

At Conclase, we don't just provide training – we partner with you to drive digital transformation and technological innovation in your organization. By partnering with us, you enhance the skills and capabilities of your workforce, leading to increased productivity and competitiveness in the digital era.

Corporate Training Solutions

Customized Training Programs

- Tailored to your company's specific needs
- Aligned with your organizational goals
- Covering latest tech trends and skills

Investment planning

- Practical, project-based approach
- Real-world scenarios relevant to your industry
- Globally recognized certification for courses

Measurable Outcomes

- Regular assessments and progress reports
- Tangible impact on employee productivity

Flexible Delivery Options

- On-site training at your facility
- Remote learning via our online platforms
- Hybrid models combining both approaches

Upskilling and Reskilling Solutions

- Enhance current team's capabilities
- Prepare employees for new tech roles

Ongoing Support

- Post-training resources and consultation
- Continuous learning opportunities
